```
ingredient 1)
   ingredient 2 processB ingredient 3
                \begin{bmatrix} \text{ingredient X} \\ \text{ingredient Y} \end{bmatrix}
                                          Do a whole shitload of crap. Process C is reallllllllllly rather quite long
ingredient 1)
ingredient 2 process A ingredient 3
```
